

UNITED STATES DISTRICT COURT  
EASTERN DISTRICT OF NEW YORK

----- X -----

JABBAR COLLINS,

**DECLARATION OF  
PETER PEARL**

Plaintiff,

-against-

THE CITY OF NEW YORK, *et al.*

11 Civ. 0766 (FB)(RML)

Defendants.

----- X -----

PETER PEARL declares, pursuant to 28 U.S.C. § 1746, under penalty of perjury, that the following is true and correct:

1. I am employed as an Assistant District Attorney at the Kings County District Attorney's Office. My assignment within the District Attorney's Office is as Law Librarian.
2. I have held this position at the Kings County District Attorney's Office since 2002.
3. The library at the KCDA maintains DVDs of video-recorded sessions of Continuing Legal Education presentations made by members of the DA's Office staff, along with any handouts from that CLE session. The DVDs are kept in a locked storage room at the rear of the library and only I have a key to access it. Each DVD has an attached check-out card, which staff must sign in my presence in order to receive the DVD.
4. The library also maintains an index of all of the DVDs of CLE presentations that can be checked out from the library. This index is cumulative and updated periodically by myself.

5. The library does not maintain a copy of the sign-in or attendance sheet of any CLE session.
6. Attached as Exhibit 1 is a true and correct copy of an index entitled, "Self-Study DVD Index 2012," as it existed in November 2012. This list represents the final update of available DVDs for the 2012 calendar year. A DVD of a presentation by Lauren Hersh entitled, "Sex Trafficking: What Prosecutors Need to Know" is listed as Self-Study Number #182. *See Exh. 1 at page 5.* There are no other Self-Study DVDs on the index in which former-ADA Lauren Hersh was the instructor. *See generally id.* Thus, Self-Study Number #182 is the only video of a CLE led by ADA Hersh prior to November 2012 that was available in the King County District Attorney library. I provided a copy of this index to Assistant Corporation Counsel Elizabeth Krasnow in or about August 2013 upon her request.
7. Attached as Exhibit 2 is an image of a DVD that is labeled, "CLE 10/25/11 SEX TRAFFICKING L. HERSH #182." The case of the DVD attaches a pocket indicating that it contains a check-out card from the Kings County District Attorney Library. This DVD corresponds to the entry for Self-Study Number #182 on page 5 of Exhibit 1 and reflects that the subject CLE lecture took place on October 25, 2011.
8. Attached as Exhibit 3 is a true and correct copy of the check-out card for the October 25, 2011 CLE on sex trafficking led by Lauren Hersh. The card reflects that the DVD has never been checked out by an employee of the District Attorney's Office. I provided the DVD to Assistant Corporation Counsel Elizabeth Krasnow in or about August 2013 upon her request.

9. Attached as Exhibit 4 is a true and correct copy of the hand-out that corresponds to "Self-Study DVD Index #182 Sex Trafficking: What Prosecutors Need to Know." I also provided a copy of this handout to Assistant Corporation Counsel Elizabeth Krasnow in or about August 2013.
10. The only DVD of a CLE presentation led by former ADA Lauren Hersh that has been in the library's collection is the one labeled Self-Study #182, which is a DVD of the October 25, 2011 CLE presentation entitled, "Sex Trafficking: What Prosecutors Need to Know." I am not aware of the existence of any other DVDs of a CLE presentation led by Ms. Hersh.
11. I declare under penalty of perjury that the foregoing is true and correct. Executed in Brooklyn, New York, on May 8, 2014.

The Law: In Practice

---

---

---

---

---

---

---

### Identifying Sex Trafficking Victims

- Signs of physical abuse: unexplained bruises, black eyes, cuts or marks
- Behavioral signs: fear, anxiety, depression, paranoia  
**SECRETIVE**
- Truancy from school
- Repeated phone calls from an adult boyfriend
- Uses lingo or slang from "the life"
- Presence of branding (i.e. tattoo)

---

---

---

---

---

---

### Take A Look At The Victim

- Victims can be anyone, anywhere, in any neighborhood

Victims of their circumstances

Rewards forced into the life

Little to no family life

**VULNERABLE**

---

---

---

---

---

---

### Making of a Girl

---

---

---

---

---

---

### How Do We Deal with Victims?

#### Sex Trafficking Unit Approach:

- Build Trust, then
- Learn the Truth

---

---

---

---

---

---

### Building Trust

- Build a rapport with the victim. Ask, "How can I help you?"
- Make the victim comfortable before confronting issues
- Provide Services
  - Clothing
  - Necessities
  - What do YOU need
- Reassure the victim that you are there to help

---

---

---

---

---

---

### Interview Techniques

- Don't interview the victim armed or in uniform
- When possible, interview one-on-one
- Avoid derogatory labels like "prostitute" and "delinquent"
- Don't make promises
- If possible, don't interview victim at the precinct

---

---

---

---

---

---

#### Questions to Ask DV Victims:

- Have you ever been forced to work?
- Did anyone take your money?
- What would have happened if you did not give the person your money?
- What did you fear would happen if you left?
- Were you ever forced to do something sexual for your abuser or someone else?
- Have you ever been involved in commercial sex?
- Did you know others in the same kind of situation you were in?
- Were you able to keep your identification documents with you, or did someone take them from you?

---

---

---

---

---

---

---

#### Learning The Truth

- Separate the victim from his/her trafficker before questioning begins
- Use informal conversation
- Remember most victims do not self-identify as "trafficking victims"
- Victims may often tell the false story they've been coached to give; it often takes 3-5 encounters before the true story may emerge
- Avoid pity, judgment, patronization, and victim-blaming attitudes or body language
- Allow victim to set length and pace
- Watch for and respond to nonverbal cues

---

---

---

---

---

---

---

#### Message To Convey

- We are here to help you
- Our **first** priority is your safety- RELOCATION
- We will give you the medical care you need
- We want to make sure this doesn't happen to anyone else
- You are entitled to assistance and we can help you get it

---

---

---

---

---

---

---

### Challenges We Face

- Victim is physically and/or psychologically controlled by pimps
- Trained by pimps to tell lies and false stories
- Victims' distrust of service providers and law enforcement
- Stockholm Syndrome
- Technology can help disguise the true age
- Easy to obtain fake ID's
- Frequently moved from place to place

Although they don't have to be

---

---

---

---

---

---

---

### "Stockholm Syndrome"

- Definition: paradoxical psychological phenomenon where hostages express empathy and have a connection to their captor
- While seemingly irrational in light of the danger posed to victims, this phenomenon is also common with victims of Sex Trafficking who are linked to their traffickers through "trauma bonds"

---

---

---

---

---

---

---

### What happens when we arrest victims?

- There are ethical dilemmas posed when victims are arrested for prostitution
